

Call for Speakers

27th Annual Environmental & Ground Water Quality Conference

When: March 10 – 12, 2015

Where: Best Western Ramkota Hotel - Pierre, South Dakota

The Environmental and Ground Water Quality Conference was started by the South Dakota Department of Environment and Natural Resources in 1989 as a means to periodically inform environmental consultants working in the state of any updates to the regulations. While the conference still performs this function it has expanded to include professional talks covering the environmental topics of the day and the latest technologies in assessing and remediating soil and ground water contaminated with agricultural chemicals, petroleum products, and other chemicals.

Program Format

General Topics

- Oil and Gas / Energy Development
- Pipeline Development / Safety
- Risk Based Corrective Action
- Remediation
- Site Assessment
- Emergency Response
- Mining
- All Topics Related to Environmental Protection and Remediation

Presentations will be limited to 30 minutes including discussion.

Abstracts will be accepted until February 4, 2015. Speakers will be notified of acceptance by February 18, 2015. Please limit abstracts to one page.
